

PC CADDIE://online InfoScreen

The InfoScreen is a PC CADDIE://online service and serves to display various information of your choice. It is a page displayed on the internet. The ultimate goal is to populate the data in one place, and have it displayed in different places.

Here are the first questions::

1. Which of the **3 development levels** would you like to use?
2. Should your screen be used in **portrait or landscape** format?
3. If landscape: Would you like to see the information in **one or two columns**?

3 development levels

InfoScreen Standard

The InfoScreen Standard is the one suitable for first tee, and informs the customers about tee-off times and transit times to tee 10. In the background it also serves for start time booking: a player

which does not appear there, simply cannot tee-off 😊.

- Start times (requirement: [PC CADDIE://online Tee time/Pro booking](#))
- Weather (Standard or Meteo Blue Premium Weather)

This is how your screen might look like:

STARTZEITEN		INFORMATIONEN & TURNIERE			
28.09.15	9 Loch				
19:00		Montag	Dienstag	Mittwoch	
19:08		Vorhersage	Leichter Regen in der Nähe	Sonnig	Sonnig
19:16		Temperatur	4°C / 15°C	4°C / 16°C	2°C / 14°C
19:24		Niederschlag	0.1 mm	0 mm	0 mm
19:32		Wind	28 km/h, E	38 km/h, E	34 km/h, E
19:40		Herzlich Willkommen bei OPEN.9 - wir wünschen Ihnen ein schönes Spiel!			

The calls in the secretariat are significantly minimized. The ads show your members/guests,

that despite their delay on the sunny, early Sunday morning, their start time is safe and the flights shift backwards.

InfoScreen Plus

The InfoScreen Plus has some additional features compared to the InfoScreen standard. It offers a little more entertainment depending on your choices.

- **Start lists** are put online once in a selected time frame and repeated (prerequisite: [PC CADDIE://online Tournament management](#)).
- **Result lists** replace the start lists and will be published appropriately (prerequisite: [PC CADDIE://online Tournament management](#)).
- The **course allocation** shows easily and quickly the occupancy for the week (prerequisite: [PC CADDIE://online course occupancy](#)).
- **Advertising** is good for business. ([Here you will find the possible advertising space for your sponsors \(in German\)- for sale for refinancing.](#))
- **Frames** show, for example, videos (e.g., training a golf swing).
- **Images** often say more than a thousand words.
- With a **Free text** you can easily and quickly post the tournament schedule of the current day.
- We fully automatically provide **News** from all over the world and from all genres (Our source: Süddeutsche Zeitung www.sz.de).

InfoScreen Premium

The InfoScreen Premium also offers check-in functionalities for your customers.

Format

The screen is basically available in 2 formats.

Portrait

Portrait is very popular with outdoor areas.

InfoScreen powered by **PCADDIE**

Here, the golfers can spontaneously see freed-up times on an outdoor terminal.

Landscape

Column selection

The landscape format offers two different possibilities.

Single column

The single-column screen is particularly suitable for smaller screens..

You can see here an example for a [single column InfoScreen](#).

InfoScreen powered by PC CADDIE

System requirements

Please note the following system requirements:

- The screen of any size must have a FullHD resolution of 1920x1080 pixels (graphic interface to

the screen (VGA/DVI/HDMI)).

- The computer that controls the screen must have an HTML5-enabled browser: IE 11, Google Chrome. You can buy this on request, already configured by us; [just contact us](#).
- The computer must be permanently connected to the Internet (LAN/dedicated WLAN).
- A direct connection to the local PC CADDIE system is not required, so that also stable UMTS/LTE connections can be used.
- The device should also have a TeamViewer host with fixed credentials installed - this guarantees quick help.
- InfoScreen Premium also requires a touch-enabled monitor.

Operation of the InfoScreen

Can you answer all these questions? Do you meet the system requirements?

Then find out here how to „record“ the screen: [PC CADDIE://online Club manager](#).

Customer service

Please contact us if you are interested in our InfoScreen functionalities: [PC CADDIE://online customer service](#).
